Point Allocation for Lab Reports

Lab Performance: 35pts

Title Page: 0pts (But do it the right way. See doc for formatting)

Introduction: 0pts (I still will provide feedback on writing however and I use this a gauge of what to expect.)

Material and Methods: 12pts total

1. Correct Procedural Steps: 7pts
2. Clarity: 2pts
3. Chronological Order: 1pt

Results: 7pts total

1. Correct Graph: 4pts
2. Correct Table: 3pts
3. Labels: 0pts (But do it)

Calculations: 5pts total

1. Correct Math: 4pt
2. Units: 1pt

Discussion: 16 pts total

1. Explains how they know what they got with evidence and or concepts: 7 pts
2. Mentions two reasonable sources of error: 5pts
3. Provides a reasonable explanation as to why one of the sources of error is the most likely and how it affected the results they got: 3pts
4. Provides a hypothetical way to fix the main source of error: 1pt
